

Jorge Andrés Villa Vélez

Data Scientist

20, RUE DE LA PLAINE
75020, PARIS
CHEZ GUILLAUD MARIE

07 55 31 30 67
jorgevilla.91@gmail.com
Born on the 28th of November 1991 in Medellín, Colombia

Skills

Soft

Project management, outreach, teaching, written and oral communication, leadership, teamwork

Technical

Data analysis, algorithm development, machine learning

Programming

Python, SQL, IDL, Bash, C (GSL)
NumPy, SciPy, Matplotlib, Astropy, Pandas, Scikit-learn, Seaborn

Data processing

CIGALE, CASA, Pyraf (IRAF), TOPCAT, DS9, Aladin, Vizier

Text editing

Microsoft Office, LibreOffice, LaTeX, Kate, Geany

OS

Linux (Fedora, Ubuntu), Windows, macOS

Languages

Spanish → Mother tongue
English → Fluent
French → Fluent

Ph.D. in Astrophysics from Aix-Marseille Université with experience in data analysis of large samples of data (big data) and simulations. I also have experience in project management inside international and European collaborations. I gained experience in the communication of results to large teams. After 3 years of experience in academia, I would like to apply my knowledge and skills in the industry.

Professional Experience

Laboratoire d'astrophysique de Marseille / Researcher

OCTOBER 2018 - NOVEMBER 2021, MARSEILLE, FRANCE

Analysis of large spectrophotometric samples implementing new models in the bayesian SED fitting code CIGALE. Modification of the code's nebular module.

Models production for the European MOONS (Multi-Object Optical and Near-IR Spectrograph) instrument collaboration, end-2-end simulator, and management in the scientific and technical working groups.

Universidad de Antioquia / Teacher

JANUARY 2012 - JUNE 2016, MEDELLIN, COLOMBIA

Teaching different courses at the Science faculty such as Astronomy for youngsters, Observational Astronomy and Physics of Waves and Oscillations.

Universidad Autónoma de México / Research internship

JUNE 2013 - AUGUST 2013, ENSENADA, MEXICO

Internship in observational Astronomy. Collection of data and posterior analysis of observations from the San Pedro Mártir telescopes.

Education

Aix-Marseille Université / Doctor in Astrophysics and Cosmology
2021, MARSEILLE, FRANCE

Universiteit Leiden / Master in science Astronomy: Research
2018, LEIDEN, THE NETHERLANDS

Universidad de Antioquia / Bachelor in science: Astronomy
2015, MEDELLIN, COLOMBIA
